To Mour

By Barbara M

Dear old Mountain, like a fortress, with your back against the sky, We have known the grandest times together, you and I; We have watched the sun arise, rejoicing, day by day, We have seen the sparkling stars in blessing shed their ray.

Our memories are so dear and our remembrances so sweet When for four short years, we have played about your feet. You, who have heard our voices raised in great and glorious psalms, Worship with your evergreens Him who was blessed by palms.

You are rugged, and we trust you, you You have kindled in our hearts an ever Watch above us, lead and guide us as Speak of great, almighty power to ea

The sanguine sunrise, with his meteor eyes

And his burning plumes outspread,

Leaps on the back of a cloud's sailing rack,

When the morning-star shines dead,

As on the jag of a mountain crag,

Which an earthquake rocks and swings,

An eagle, alit, one moment may sit,

In the light of its golden wings.

Elder Spillman, Chairman of the Board, Breaks Ground for the New Girls' Dormitory.

There are certain people without whom it would be very difficult for a school to function. The members of our Academy Board are amongst these. It is a remarkable fact that this particular board is unusually interested in our progress and has been one hundred per cent behind our school. Several things testify to this wholesome support. One is the valuable spiritual services which Elder Spillman, the president of the board, has given to our school, especially during two weeks of prayer. Another evidence is the unqualified support the board has given in our tremendous 1945-1946 project of building the new dormitory for girls.

We wish in this book to pay a lasting tribute to the members of the Board, who have proved themselves our friends in supporting our interests, as we prepare for service in God's Cause.

Those Mho Guide Us

PRINCIPAL A. J. OLSON

The student who comes to his office does not approach him with fear, but with a confidence that here is a sympathetic and understanding friend who will help him solve his problems.

She has led us in "the paths of righteousness," and has shown unforgettable enthusiasm which has played a vital part in guiding the footsteps of the girls heavenward.

MR. VANDE VERE

MR. MANOUS

It is under his excellent direction that our musical organizations have merited the approval of all who have had the privilege of hearing their presentation.

MR. JEWETT

Mr. Jewett's careful, conscientious work in accomplishing some jobs which no one would choose to do has won our admiration.

MISS GREGG

She has an originality that attracts students, and she is always willing to serve on committees and to work in behalf of the student body.

As overseer of the dining department much patience and skill are required of her. Yet we find her always cheerful, and meals always on time.

MISS PETERSON She possesses a gentle spirit that blends well with her rich contralto voice, which will continue to vibrate in our memory when these days

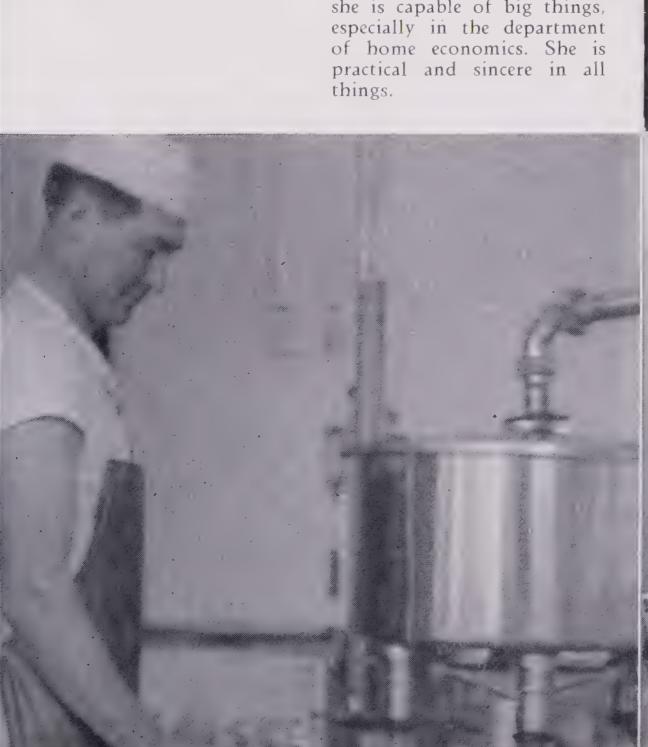

have passed.

MR. CHENEY The motto, "Cleanliness is next to Godliness" is carried forth in the dairy department under Mr. Cheney's leadership.

MRS. GISH Music seems to swell in her very fingertips. She has filled a warm place in our hearts and through her ability we have seen the admirableness of her character.

MRS. OLSON Never an idle moment has she, yet always ready to assist those who need her help. Her understanding kindness is an indication of her own sweetness which is manifest in all her work.

She has the rare gift of keeping sweet on all occasions, and of lifting the air with her good nature.

MR. BORDER
Mr. Border, who has charge of the heating plant, has secured a warm place in our hearts in more ways than that, one of which is his sincere Christian friendliness.

MRS. YEATTS

Service for others actuates her entire work, and in the sickness that has been on our campus she has proved her sympathetic understanding, her unyielding patience, and her skill as a nurse.

MRS. HAGELE and MRS. SCHWARTZ

Two more patient and efficient secretaries cannot be found.

MR. CANADY

With his own characteristic enthusiasm he has lent to the spirit of our school and helped make our days here happy ones.

MR. HAGELE

He is one of the most practical Christians who dwells among us. "A man who governs his own course with a steady hand."

MRS. STIVERS

Because of her well-organized leadership the laundry work is always completed well and on time.

MR. PECKHAM

Mr. Peckham has that good measure of industriousness that is needed to accomplish things, whatever the task.

MR. BELDEN

Mr. Belden's quiet manner cannot hide the forceful example of his true Christian living.

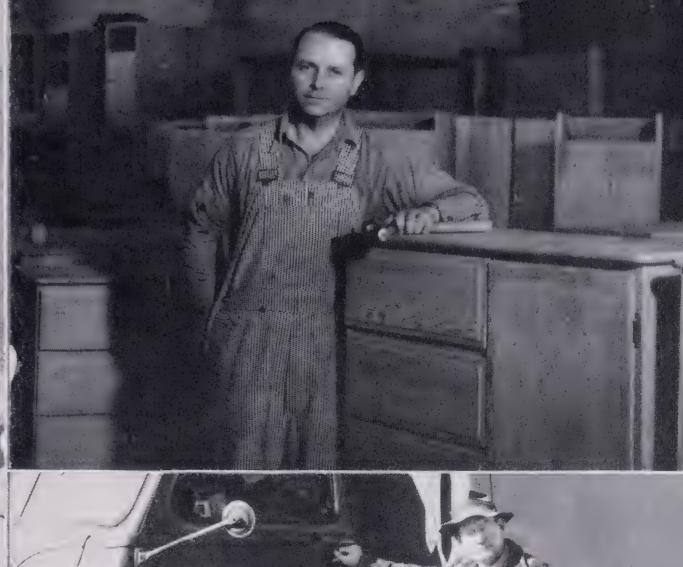

JOE DICKERSON

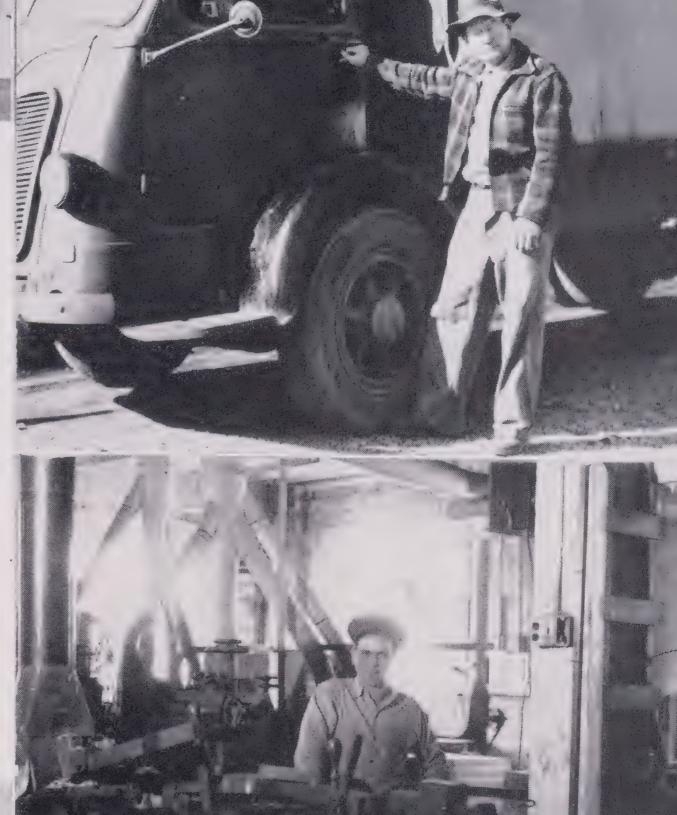

His work and that of those who labor with him is made lighter by Mr. Dickerson's good nature.

MR. GUSTIN

His friendly spirit and helping hand have proved a benefit to many of our students.

As through age upon age the Monarch of Mountains looks down on the boundlessness of the rolling sea, so the old friend of the elements looks down on our campus activities which turn our hearts to the boundless Source of Eternal Love.

The Chapel Hour

Here we receive hours of counsel and guidance, both spiritual and scholastic. In this room, also, we experience the seasons of spiritual refreshing during the Friday evening vespers. These are events with an eternal influence, and they are the sweetest of our memories.

Construction began with the breaking ground ceremony, April twenty-sixth. We wish to thank all those who have had a part in the overwhelming success of this campaign.

General Information

DESCRIPTIVE

The buildings consist of two separate dormitories, the administration building, the woodworking building with a floor space of 21,000 square feet, the manual arts building, the gymnasium 160 by 55 feet seating about 1500, eighteen homes for teachers, and the new service building containing the fine, new home economics department, the modern laundry, the well-equipped pasteurizing plant, and the cannery. A new power plant, which will provide accommodations for metal shop courses and maintenance department is now under construction. Construction of the new girls' dormitory which will contain a dining room seating 300 students is now being built. before this annual is published.

The location of the school is unusually attractive, on the edge of a plateau overlooking the Green River Valley, with the snow-covered Olympics visible in the west, and beautiful Mount Rainier dominating the landscape toward the east. The buildings are set in a campus of several acres, which is fringed on three sides with evergreens of various kinds. The academy farm consists of about 170 acres, much of which is improved and growing good crops. A new farm with a good dairy barn was purchased recently. The school now has a fine dairy herd of nearly 40 cows to provide milk and cream for the dining department as well as about 600 hens to supply the kitchen with fresh eggs.

The administration building contains, in addition to offices, music studios and class rooms, the chapel seating about 300, the enlarged dining room with seating capacity of 250. The library with about 3000 volumes is also located in this building.

STUDENT ACTIVITIES

In connection with the academy are a number of organizations, religious and social, which give the students opportunity to develop leadership and their talents of speaking and writing, as well as training in various kinds of missionary work.

Most prominent of these is the Missionary Volunteer Society, conducted throughout the school year by the students, and working in harmony with the general department. Many active bands carry on the work of this organization, including the Master Comrade, Literature, and Sunshine bands. These bands tend greatly to stimulate missionary activities among the students.

The Academy Sabbath School is conducted largely by the students, assisted by teachers.

The students of the Academy have developed an organization known as the Associated Student Body of Auburn Academy. The purpose of this organization is to promote the social and cultural interest of the student body.

THE STUDENT'S PLEDGE

It is distinctly understood that every student who presents himself for admission to this school thereby pledges himself to observe its regulations, and live in harmony with its ideals and purposes. Unless he is willing to do this freely and without reservation, he will not be admitted to the school. If this pledge is broken, he will be retained only by the sufferance of the faculty for such time as he is not a serious detriment to others. Students who fail to respond to appeals addressed to their manhood or womanhood or sense of honor, and those whose influence is found to be harmful, will not be allowed to remain in the school even if they have been guilty of no specially culpable offense. On the other hand the faculty pledges the parents that they will faithfully endeavor, to the limit of their ability, to help young people who seem not to appreciate the privilege and responsibilities that come to them. No student will be lightly dropped from the school, and parents may be assured that their children will be given every opportunity to develop Christian characters as long as they show a desire to cooperate with the teachers toward that end.

SOCIAL GUIDANCE

To assist the student in moving through the academy life with a minimum of friction and at the same time to contribute to his physical, mental and moral powers is the goal of all academy regulations. A kindly application of the following broad basic principles is the aim of the faculty.

No student is retained who uses tobacco in any form. Nor can the school tolerate profane or indecent language, disorderly conduct, card playing, including rook and other like games, also such games as checkers or chess, gambling, dancing, improper associations, the possessing or reading of novels and story-magazines, visiting of pool rooms or other places of detrimental influence. Neither can students be allowed to attend the theater, moving picture show or any other entertainment of an objectionable character, because these interfere with the student's work and exert a wrong influence in the school.

The seventh day is observed as the Sabbath, and a proper quiet and decorum is expected of all students. Engaging in unnecessary work or improper recreation on this day is out of harmony with the spirit of the institution.

Young men and women may associate in a frank, manly and womanly manner at times and in places that are proper and in harmony with the spirit of the school; but sentimentalism, note writing, flirting, strolling together about

the grounds, or elsewhere, loitering about the campus or sitting together in public services are not conducive to the best progress in study or to the good name of the school.

As this academy was established for the purpose of giving a distinctly Christian education, no student is retained who either publicly or secretly seeks to disseminate immoral or atheistic ideas among his fellow-students.

The home is not a public building. No lady or gentleman would think of entering a private home without permission; hence people living outside, in calling upon members of the home family are expected to observe the civilities of social convention.

It is expected that all students have respect for academy property, and in case of destruction of property of any kind, such as breaking windows, dishes, or tools, the honest student reports the breakage and settles for it.

Because modesty in dress is conducive to sound character building, students should dress simply and sensibly, avoiding extremes. For girls, simple dresses are recommended. The use of cosmetics, the wearing of French or other extremely high heels, very short skirts, sleeveless dresses, low backs, transparent waists, jewelry such as necklaces, finger ring or bracelets is not in harmony with the principles of the institution. We strongly urge parents to supervise their daughter's wardrobe, and save her embarrassment by eliminating anything out of harmony with these principles.

Students who are not Seventh-day Adventists may attend the Academy without feeling any embarassment whatever, as long as they do not interfere with the plans for which the school is established.

It is expected that young ladies will be properly chaperoned whenever leaving the campus.

Unmarried students whose parents or legal guardians do not reside in the vicinity of the school should board and room at the Academy. Certain circumstances might arise where an exception should be made in this rule. Such cases will be considered by the faculty upon written request with reasons fully stated by the applicant.

If it seems necessary, or to the best interest of the student, faculty permis-

sion may be obtained for correspondence work or private lessons.

Should a student be absent 10 per cent of the class recitations during one semester his grades are subject to a cut of one point (from A to B or B to C etc.). Also should a student be absent as much as 20 per cent of the class meetings in one class he may forfeit his grade. The class work missed can be made up if due to prolonged illness.

The management provides from time to time pleasant social gatherings and outings for the students. All gatherings of whatever nature, have a faculty chaperon, and a list of students invited is submitted to the principal at least two days beforehand.

Parents are requested not to give permissions that conflict with the rules of the school.

All classes are entered or dropped by a voucher signed by the registrar. No firearms are allowed on the school premises.

DORMITORIES

The dormitories are in charge of experienced teachers who understand young people, and are able to help them solve their problems. Constant appeal

is made for sincere cooperation on the part of every student in maintaining wholesome standards of living on the principle that kindness and confidence are more efficacious than stringent rules. Careful attention is given to the study of the personality of each student, and methods are employed that will best bring out the individuality of each. In a special way the government of the Home rests upon the mutual good understandings between teacher and pupil.

It frequently happens that students are unexpectedly called for, and inasmuch as the home management should at all times know the whereabouts of those under their charge, no student should leave the campus without permission from the dean of boys or dean of girls.

It is desired that the school be quiet and orderly, and that students shall conduct themselves in a manner consistent with a refined home. Loud talking, running up and down stairs, entering rooms without the consent of the occupant, and scuffling anywhere in the building are out of order.

Picture moulding is provided in all rooms. No tacks should be driven into the walls.

The school home is conducted on the same principles as are well regulated Christian homes. Morning and evening worship are maintained in the school homes throughout the year. The deans who are responsible for the worship hour give careful study to these exercises in order that all may be benefited by attending. Every student is expected to be present, and those in charge of the Home require a reasonable excuse for absence.

All students are expected to attend public services on the Sabbath, unless excused by the dean, in which case they will remain in their own rooms.

Owing to the modern easy means of travel, there is a strong tendency on the part of students and parents for frequent week-end visits home. This, however, has been found to be detrimental to the best interests of the school. Therefore it has been recommended that the faculty do not grant permission for such visits more often than once in six weeks, except in extreme cases. Requests should be made to the deans by the parents, in writing, several days before leave of absence is desired. In all cases the faculty reserves the right to decide as seems necessary for the best interest of the school.

Flesh foods are not served in the dining room, and should not be brought into the school homes.

A student's being absent from the dormitory after evening worship without permission is considered a serious violation of the rules of the dormitory.

All trips farther than Auburn from the school must be authorized by the principal.

The school is not responsible for any personal property left on the premises after a student leaves school.

Phonographs and radios are not permitted in the dormitories.

Do not bring popular music.

WHAT TO BRING

Each student should bring four sheets, three pillow slips, a pillow, and a bed spread, warm blankets or comforters, towels, dresser scarf, and a cover for his study table, 30x48 inches; also work clothes, and a laundry bag. Our denominational books such as The Testimonies, Desire of Ages, Christ's Object Lessons, Steps to Christ, will be of help. No rugs, carpets or window curtains

A few pictures for the walls are desirable. Girls should bring curtains for one window $5 \times 3\frac{1}{2}$ feet. Boys should bring curtains for two windows $5 \times 2\frac{1}{2}$ feet. Girls should bring a curtain for clothes closet door which is $6\frac{1}{2} \times 2 - 1/3$ feet. The boys' and girls' dormitories are equipped with single beds. Each student should be provided with a pair of noiseless slippers to be worn during study period.

It is suggested that any girl who expects to sing in the choir or chorus, provide herself with a dark skirt—either black or navy blue—and a white long-sleeved shirtwaist style blouse. White satin is suggested. This provides a uniform appearing group upon public performances, and such an article of dress as a dark skirt is always useful in a girl's wardrobe.

Boys who expect to take part in glee club, choir, etc., will find a dark suit and white shirts of great service.

MISCELLANEOUS

To remit, send money by draft, check, or money order payable to Auburn Academy, not to an individual.

Mail for students residing in the Homes should be addressed to them, care Auburn Academy, Auburn, Washington.

For those coming by train, tickets should be bought and baggage checked to Auburn, which is reached by all main line railroads. If coming by bus from Seattle to Auburn, take the Enumclaw bus, and ask to be let out at the Academy stop. Those notifying the Academy are met at Auburn.

No student under fourteen years of age is permitted to reside in the school Home unless he has completed the eighth grade or has made special arrangements with the school management.

Students arriving Sunday and Monday of the opening week of school are given free transportation from Auburn to the Academy. Students arriving late are charged for transportation.

Withdrawal: If withdrawal becomes necessary for any reason, the proper method is to secure a drop voucher from the principal in order to avoid necessary charges for expenses. When a drop voucher is obtained all charges are discontinued with the exception of room rent which continues to the end of the current semester. When the reason for leaving before the end of a semester is due to illness or other unavoidable reasons bearing the board's approval the room rent is also discontinued from the date the drop voucher is obtained.

School supplies, stationery, and toilet articles may be purchased at the Academy

Automobiles may not be brought to the school by students unless they have first made special arrangements with the principal. Experience has proven that free access to an automobile during the school year is detrimental to good work.

The school assumes no responsibility in forwarding personal belongings such as clothing, blankets, or books to students who withdraw from the school.

Labor credit either by students or parents is not transferable nor redeembale in cash except as authorized by Board action.

HEALTH SERVICE

At the beginning of the school year a thorough physical examination is compulsory. During the year a reasonable number of consultations and the attention of the physician are covered by the medical fee. Hospital care, medicine, laboratory service and operations must be paid for. For the benefit of the students a school nurse is employed by the school. Her attention and care are added to the guidance of the deans of the school homes.

COLLEGE PREPARATORY COURSE ENTRANCE AND GRADUATION REQUIREMENTS

A student is admitted to the Academy upon the presentation of an eighth grade certificate or grades from accredited schools, or upon passing satisfactorily, examinations in subjects for which credit is claimed. Students are required to present grades from other schools upon matriculation.

To graduate from the college entrance course, a student must complete the studies listed as required above and select enough electives to have at least sixteen units. When a foreign language is elected, two years of the same language are required.

A student may elect two units of music credit in meeting the requirements for graduation. Credit is given for piano, voice, violin, all wind and reed instruments, as well as chorus, glee clubs, band, orchestra, and other organization work.

^{*}May be elective under certain conditions.
